

Help keep your investment  
**Fire Ant free.**

Protect it with Extinguish®  
Professional Fire Ant Bait.

Extinguish® Professional Fire Ant Bait is an effective bait that eliminates problem fire ant colonies. Specifically targeted for fire ants, Extinguish® Professional Fire Ant Bait contains (S)-methoprene, an Insect Growth Regulator (IGR) that affects a fire ant queen's reproductive abilities. As existing workers die naturally, they are not replaced by a new generation. The queen eventually starves to death and the entire colony is eliminated. Extinguish® Professional Fire Ant Bait solves the problems that make control difficult and inconvenient, and can be used wherever fire ants and pavement ants are found.

# Extinguish® Professional Fire Ant Bait Fact Sheet.

## Controls

Imported fire ants, Southern (California) fire ants and pavement ants (protein feeding).

## Active Ingredient

IGR (S)-methoprene 0.5%.

## Area of Application

May be applied to anywhere fire ants and pavement ants are found such as, but not limited to, the following areas:

- Almond groves
- Blueberry fields
- Citrus groves
- Cropland
- Rangeland
- Pastures
- School grounds
- Vegetable gardens
- Zoos
- Parks
- Sports fields
- Golf courses
- Cemeteries
- Airports
- Roadsides
- Sod farms
- Commercial nurseries including field grown and container stock
- Forestry sites

## Methods of Application

Backpack, hand or motorized mechanical equipment and aerial equipment.

## Application Timing

Apply as needed, when ants are active and foraging, and soil temperatures are above 60°F. Do not apply product within 6 hours of a rain event. Apply product when areas are dry from dew or irrigation. No withdrawal or grazing restrictions are necessary on treated areas.

## Cost Efficient

Best cost per acre with flexible label rates.

## Long-lasting

The IGR, (S)-methoprene, sterilizes the queen to prevent rebound and mound movement. Colony reduction can be seen beginning at 3 weeks and colony elimination seen within 6-8 weeks.

## Use Rate

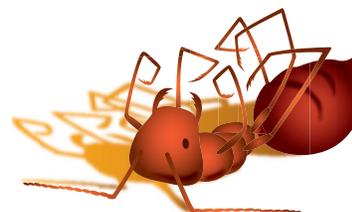

1 to 1.5 pounds of product per acre.

## REI

4 hours for worker protection standards only.

## Environmental Profile

Can be used with confidence around people, livestock and pets. Extinguish® Professional Fire Ant Bait is specific to target pests and won't affect other beneficial ant species.
