STOP ANTS *IN THEIR TRACKS*

Stop problem ant infestations from taking a bite out of your profits by using Extinguish[®] Professional Fire Ant Bait. Its grower-friendly label solves the problem of ant infestations by preventing the queen from reproducing. Also, Extinguish[®] Professional Fire Ant Bait can be used everywhere ants colonize.

Extinguish[®] Fire Ant Bait features:

- Controls Southern (California) fire ants, Pavement ants and Red Imported fire ants
- Approved for **ALL CROPS**
- A usage rate of 1 - 1.5 lbs per acre
- Available in economical 25 lb bags

To purchase Extinguish[®] Professional Fire Ant Bait contact: Aligned AG Distributors, Crop Production Services, Helena Chemical, I.A.P. Members, Performance AG, Simplot Grower Solutions, or Wilbur-Ellis.
